OVER-NIGHT ASSOCIATED PRESS NEWS

JAPAN'S EMPRESS DOWAGER SAID TO BE DYING

TOKIO Harukin, empress dow-
ager of Japan, was seized with an at-
tack of heart failure last night. Grave
fears for her recovery are entertain-
ed. It is reported this morning that
she is dying. Emperor Yoshihito and
the empress, together with other mem-
bers of the royal household were sum-
moned when the empress dowager
was first stricken. A few weeks ago
she was stricken with her first seri-
ous attack and though her condition
then was considered grave, she rallied
and within a short time was pronoun-
ced out of danger.
Empress Dowager Hakura is a so-
ber, beloved throughout the empire.
Like her late husband she is most
liberal in her views regarding the
women of Japan and took much inter-
est in the educational work in their
behalf.

SPANIARDS OVERLOOK FORTUNE IN COTTON

EL PASO, Tex.—The several hun-
dred Spaniards who were ordered out
of Torreon by the victorious constitu-
tionalists, many of whom are now
here, left cotton to the value of \$15-
\$20,000 at that place, according to re-
ports received here last night. It is
reported that \$1,000,000 worth of this
cotton is now being shipped to El
Paso by General Villa. It is consid-
ered to the owners, but it is stated that
they will not be allowed to touch it
in the event that it reaches here un-
der bond.

VILLA UPHOLD BY CARRANZA.

JUAREZ, Mex.—General Carranza,
who is now here in command of the
forces holding Northern Mexico, is-
sued a statement last night strongly
defending the actions of General Villa,
and commending him as well as the
rebel troops for the heroism they dis-
played in the battle which resulted in
the fall of Torreon. In defense of Vil-
la, who has been strongly criticized
for the expulsion of foreigners from
Torreon, General Carranza justifies
the action as the only method of cir-
cumventing plots against the victori-
ous forces, but gives assurances that
the property of Spanish subjects will
not be confiscated.

"MOTHER" JONES FREED.

DENVER, Colo.—Mother Mary
Jones, whose deportation from Trin-
idad by the military authorities was
followed by her return to the scene
of the strike disorders and whose ar-
rest and detention followed, was re-
leased from jail yesterday on order of
the supreme court. Attorneys for the
strikers, who have been making a
strong fight for the release of Mother
Jones applied for a writ of habeas
corpus to the state supreme court,
alleging that the woman was being
held without legal justification. Hear-
ing of the writ was set for next week.

SENATE HAS CANAL BILL.

WASHINGTON. President Wil-
son's bill for the repeal of the Pana-
ma Canal tolls bill clause exempting
American coastwise shipping from the
payment of tolls through the great
waterway will come before the senate
today. The formal consideration of
the measure will be the special order
upon convening of that body.
Both sides are apparently well pre-
pared for the debate the calling up of
the measure will precipitate.

FROST HURTS FRUIT CROP.

KANSAS CITY.—The lowest tem-
perature for April recorded in many
years prevailed throughout Missouri,
Kansas, Oklahoma, Northern Texas
and Arkansas. It is feared that con-
siderable damage has been done be-
cause of the fact that the warm
weather prevailing during the past
few days had started the trees to
blooming. It is known that the peach
crop has suffered badly as a result of
the freeze.

OPERATION FOR KING GUSTAV.

STOCKHOLM, Sweden.—King Gus-
tav of Sweden has prepared to go un-
der the surgeon's knife. His condi-
tion has been serious for some time
and on the advice of his physicians he
consented yesterday to an operation.
He is suffering from an ulcer of the
stomach. The operation is to be per-
formed today.

HONOLULU EAGLES CELEBRATE 13TH BIRTHDAY HERE

The 13th anniversary of the organi-
zation of Honolulu Aerie No. 140,
Fraternal Order of Eagles, was cele-
brated in a most pleasant manner last
evening at K. of P. Hall. In open-
ing the festivities, Worthy President

lining the history of the order and

membership at present of Honolulu
Aerie is over 200.

The following program was greatly
enjoyed by the large number of mem-
bers and friends present:

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy
and luxuriant at once—No more
falling hair

If you care for heavy hair, that
glistens with beauty and is radiant
with life; has an incomparable soft-
ness and is fluffy and lustrous, try
Danderine.

Just one application doubles the
beauty of your hair, besides it imme-
diately dissolves every particle of
dandruff; you cannot have nice,
heavy, healthy hair if you have dand-
ruff. This destructive scurf robs the
hair of its lustre, its strength and its
very life, and if not overcome it pro-
duces a feverishness and itching of the
scalp; the hair roots famish, loosen
and die; then the hair falls out fast.

If your hair has been neglect-
ed and is thin, faded, dry, scrag-
gy or too oily, get a 25-cent bottle
of Knowlton's Danderine at any drug
store or toilet counter; apply a little
as directed and ten minutes after you
will say this was the best investment
you ever made.

We sincerely believe, regardless of
everything else advertised that if you
desire soft, lustrous, beautiful hair
and lots of it—no dandruff—no it-
ching scalp and no more falling hair—
you must use Knowlton's Danderine.
If eventually—why not now?—adver-
tisement.

A power pilot-boat, the largest on
the coast, bearing in her sturdy and
graceful lines a trace of the type
which made the Gloucester fishing
craft famous, will replace the Pat-
finder, lost on Whale's head in the
fog several weeks ago. After much
consideration, in which all of the bar
pilots aired their views—and they
were many—designs of the craft,
drawn by D. W. and R. Z. Dickie, have
been accepted. Bids will be called
for within a week, according to Cap-
tain John Wallace, secretary of the
Pilots' Association.

The new pilot craft, although hav-
ing two masts, ketch-rigged, will be
essentially a power-boat, canvas being
used only when it is necessary to
steady her against a heavy swell and
a piping blow. The engine, of the
Bollinger semi-Diesel type, turned out
in Stockholm, will develop 150 horse-
power and drive the craft along at a
clip speed. The pilot craft will be
110 ft. over all, 24 ft. beam, with a
molded depth of fourteen feet. The
model of a Gloucester bow and an
elliptical transom stern with hollow
heel aft are the interesting features
of the craft, and it is believed by the
pilots will make the vessel specially
adaptable for her work.

Accommodations for eight pilots are
arranged in a room aft, 25x20 feet in
dimensions. Amidships the engine-
room, with an auxiliary plant on the
starboard side, is located. The dining
room and galley are just aft of the
forecastle, which will have accommo-
dations for six hands.

Particular attention has been given
to the location of storerooms and
lockers, and the entire combination
makes up a craft over which even
those of the veteran pilots, who were
just a little doubtful when power with
the fleet was first suggested in the
building of the California, are enthu-
siastic.
